| | Nicholas Annis | 22 John Kultgen | |

The Source of Light
The sun is the primary source of all light. While the moon illuminates the night sky, it does so only with reflected light from the sun.

Jesus Christ is like the sun - the source of light. He declares in John 8:12, 'I am the light of the world. He who follows Me shall not walk in darkness, but have the light of life.'

Without the light from the sun (Son) we would all be in complete darkness. As Christians, our purpose is to be like the moon and reflect Christ's light in places of darkness.
